about

Nusantara Markt

B2B Retail Partner

Nusantara Markt is a B2B company who not only provides and curates Indonesian goods for retail businesses, but also promotes and exports goods with affordable price for business partners.

Currently Indonesia has around 64 million small and micro business. On the other hand, the number of overseas Indonesian is growing bigger every year. The needs for Indonesian products and commodities are currently being handled by Indonesian retail shops overseas.

We make it our mission to connect every small and micro business in Indonesia with all Indonesian retail shops around the globe.
